When it comes to motorsports, there is not a better facility for all forms of racing than Las Vegas Motor Speedway! With 1,600 acres in the northeast portion of the Las Vegas Valley, the "Diamond in the Desert" has been deemed the most remarkable race complex in the world.

Sports Illustrated  
called it the Racing Capital of the West.

Our High Speed Autocross will be held on Las Vegas Motor Speedway's road course, just adjacent to the Superspeedway. This is a fun track! It is a technical course that is flat and forgiving. You will love it! High speed at its best! Helmets and shoes required per the NCCC

Rule Book and Group III  
needs the required fire suits.
