When it comes to motorsports, there is not a better facility for all forms of racing than Las Vegas Motor Speedway! With 1,600 acres in the northeast portion of the Las Vegas Valley, the "Diamond in the Desert" has been deemed the most remarkable race complex in the world. Sports Illustrated called it the Racing Capital of the West.

The Low Speed Autocross will be held inside the Las Vegas Motor Speedway - superspeedway. There is an array of different configurations we can use and our Low Speed Autocross Team has chosen the most fun course they have. We will not be using the banked track at it is reserved for Richard Petty but, the road racing course we will on will be BLAST! Helmets and shoes required per the NCCC Rule Book . Plan for a great time and fabulous photo opportunities!
