

June 27, 2009

...a fun day to support our newest Sponsor, **Corvettes of Dallas.**

We'll cruise as a group to their location in Carrollton and they will even be providing us with lunch!

Here are some of the things **Corvettes of Dallas** has to offer the Corvette Enthusiast ...service for 1954 -2009 Corvettes, performance (from exhausts to twin turbos), dyno testing, parts, clothing and accessories.

In addition to having full access to all areas of the dealership, they are offering us a **discount on dyno pulls**. Normally, it costs \$59.95 for 3 pulls and you can get yours for **\$49.95** on 6/27!!

Mark your calendars and plan on having a fun day with us.

Cruise departure information and details will be posted on the website.
