Online Condolences

Jim was one to live and enjoy life to the fullest, always had something to make you chuckle and accompanied that with a smile and laughter. He was one that brought smiles to our faces with his daily Facebook quotes and pictures. He was always ready to go have fun, cruising, taking trips, attending concerts – and I think I can hear Jimmy Buffet's special tribute to Jim now. Jim will be missed greatly but will forever be in our memories which will always bring a smile to our hearts.

I will miss my friend, Jim. It didn't matter how little or how much time we spent together, I was always glad to see Jim. He made me feel as though we were very close. It felt good. I will pray for Jim's friends and family and the loss that we will all share.

Jimmy will forever live on through his precious son, Cody. We will always hear Jimmy's voice in Cody's laughter. You were a great dad and your presence will forever be missed. May you always watch over Cody from above and be the guiding light in his life. Linda, my heart aches for you and the rest of the family. We will continue to pray for you all. All our love.

Gary & I only knew Jim for just a few years but always enjoyed his company. I don't think we ever saw Jim without a smile on his face! It always seemed that he never met a stranger, always made you feel you had known him forever. May God Bless him and his family through this difficult time. He will truly be missed!

The sadness of losing a good friend is tempered by his enjoyment of life as evidenced by the license plate on his Corvette. Our sympathies to Linda.
