VOLUME 36, No. 7

\$25.00 SUBSCRIPTION

WWW.COWTOWNVETTES.ORG

My name is Joe and I have had a love for Corvettes for as long as I can remember. When I was young, I would tell my Mother, "I am going to get one of those cars when I grow up." When I turned 25, I bought my first Corvette – a 1976. I took it to my Mother's home to show it to her. I went in and said, "Mom, come outside. I want to show you something." When we got outside and she saw the Corvette, she started crying. I asked her, "What's wrong, Mom?" She then related

this story: when I was three years old, we were on the city bus going to downtown Fort Worth. It was at that time that I saw my first Corvette from the bus window. I asked my Mother, "What is that, Mom" She said it was a Corvette. It was the first time I said to her that I was going to get one when I grew up. So my love for Corvettes has been ongoing for 53 years.

This is my second time to be a member of Cowtown Vettes. I was in the Club in the mid-80s. I had a great time with a bunch of good people who have the same love for the Corvette like me. I made friends back then whom I'm proud to say are still friends today. Life, however, takes us in many directions and mine took me to divorce and out of state. When it was time to come back to Texas, I came home to the love of a good woman. We married and, after a few years of hearing me say that I'm going to get one someday every time I saw a Corvette, she helped me get one.

congratulations and Best Wishes

Congratulations to RICK GARABEDIAN (NCCC Event Chair) for pulling off a successful race weekend. As usual, our members came out in force and worked corners, tech, timing, staging and starting. The food was again a big hit with the racers with help from ALAINE KING, CAP WILBURG and KARYN FOWLER. On behalf of Cowtown Vettes, I extend a big THANK YOU to Brazos River CC for allowing us to use their four event sanctions and also a special THANK YOU goes to Corvette Club of Texas for planning their event sanctions in conjunction with the recent 'No Frills' weekend in Mineral Wells.

I wish you all a safe 4th of July holiday, whether you may be traveling out of town to see family or friends or enjoying the holiday closer to home. For our members who will be in town, don't forget the Westcliff Neighborhood West Association Independence Day Parade. For our new members, this is a Cowtown Vettes traditional social hosted by Carol Savage. See details elsewhere in the *Low-Down* and on the Club's website.

During this patriotic holiday, please take a minute to remember why we celebrate the 4th of July and remember those who have fallen, so we can enjoy the life we have!!!

Remember This Is Your Club

VICE PRESIDENT

The June NCCC **Autocross Events** held in Mineral Wells went extremely well... although it was VERY HOT!! Thanks to everyone who came out and worked in the heat, raced in the heat or just hung out in the heat!

By the time you read this, our second social event for June will be over, so I hope everyone had a good time on **6/27 at Corvettes of Dallas!**

We have two social events for July. The first one is NOT a 100% social but is always loads of fun... the **Fourth of July Parade** (coordinated by Carol Savage) on **7/4**. Although, it's possible that this newsletter won't be published until after it's over!

The 100%er for July is **Jack Gandy's Rallye** on **7/18**. We'll be starting the rallye from Bruce Lowrie Chevrolet at 10:30 a.m. (driver's meeting at 10:15 a.m.). The cost will be \$5 per car (to cover the cost of awards); plus, we will be selling 50/50 raffle tickets as well, in order to support the Club's Charity Fund. Jack has told me that we will be ending the rallye at a restaurant for lunch, but he is being very secretive about where, so I guess we will just have to be surprised!

In August (**8/29**), the **Hoaldrige's** have graciously offered to host another **POOL PARTY!!** Mark your calendar and watch for more details elsewhere in the newsletter.

See ya soon!

PARDON FROM THE GOVERNOR

... a report from the NCCC Governor

It looks like I broke my promise to describe the NCCC class structure (that's car classification, not a social order) at the June meeting. Last minute scheduling changes caused me to miss the June membership meeting. I wound up working the NASCAR Truck Series race at Texas Motor Speedway that night. That will put a little more money into CTV's TMS account which we use to rent the track for our September Super Speedway Weekend. We'll discuss the NCCC classes at the July meeting.

Once again the Cowtown Vettes members pulled together and did a great job hosting the autocross events at the Mineral Wells Ring. We were running the Saturday morning events for our friends at Brazos River Corvette Club. Not only does this make a little money for CTV it also keeps the BRCC sanctions available to use as Southwest Region Championship Points Trail First Choice events. This year the Corvette Club of Texas joined us by hosting 7 First Choice autocross events making it the proverbial win-win-win situation for BRCC, CCT, and CTV.

Convention

It's not too late to register for Convention. This is the only 50th Anniversary national celebration of NCCC. If that's not enough, you'll get to be in cool Colorado during the dog days of summer. Convention is a good time for all.

SW Region Patches

I now have Southwest Region patches available in both sew-on and iron-on varieties. Cover up those unsightly holes in your blue jeans with a patch that shows where our regional NCCC alliance lies. See me.

CTV CHARITY REPORT

We had a great turnout for our volunteer night at the Tarrant Area Food Bank on Thursday, June 11. We presented \$240.00 to JoAnn Rogers from TAFB. CTV's Board had approved \$200.00 and one of our new members, JASON BONSOR, contributed \$40.00, because he could not be there to donate his time. Thanks, Jason! (He buys 50/50 tickets, too!)

BARBARA HIGBEE, one of our newest members, is involved at the TAFB's new Community Kitchen through her job with The Women's Center of Tarrant County. Fortunately, for all of us, Barbara was there and offered to give CTV members a tour and information about the great work that is being done there to help people who want to learn what it takes to go to work in the food industry. It was an unexpected tour with lots of good information. Thanks, Barbara!

We had 20 members and four guests. A big THANK YOU goes out to all these folks:

COWTOWN CRUISER

Our Weekends have been packed and very little time to fit in any Cruises however; we do have a couple of members are still talking about leading a local lunch type cruise. Go ahead an step up for one of these; start with a lunch cruise and you'll find out how much fun they are to host. We will even assist with some fun routes, sharing lessons learned, etc.

The next cruise on the schedule is heading back up to Munster; another scheduled heading south to an auto restoration facility building a '69 Camaro with a ZR1 engine; one of these is tentatively scheduled for Saturday, August 1st.

One of the last cruises for 2009 will be the *Fall Foliage* weekend cruise to the *Beaver's Bend* area; scheduled over the weekend of October 23-25. Besides enjoying the fall foliage time of year, we will be staying in some rustic but nice accommodations, enjoying some back roads and a tour or two (not wineries). Current thoughts are that this cruise will be limited to either fifteen or twenty Vettes (various reasons).

You can find more information on cruises and the CCP program on our website; check the following URL for the latest info on all sponsored cruises:

http://cowtownvettes.org/CCP/cruiserpgm.html#CRUISE_SCHEDULE

The 5th Annual "What I Saw Along the Way" Photo Contest continues - have you been capturing the neat places you have visited while driving your Corvette? This annual contest is open to anyone that enjoys cruisin' in their Corvette; you don't even have to compete in the Cruiser Program to enter. From now until November 6th, you can take photos of the neat places you cruise enjoying your Corvette.

At the November Membership Meeting, these will be displayed (entered), allowing the members at the meeting to vote and select their favorite photo. So don't delay, start snapping photos of neat places your Corvette takes YOU! The Contest rules can be found at:

http://www.cowtownvettes.org/CCP/2008/CCP_PC_08.html

If you need clarifications, have a question or comment about the Cowtown Cruiser Program (CCP), please feel free to give me a call or drop me an email.

...keep on cruising' & "Save the Wave"
Doug McMahan – 2009 CCP Chairperson

Dear Friends of Cowtown Vettes,

Thank you so much for your gift to North Park Baptist Church in memory of Bill. It will go towards a new sound system.

Melanie, Lori and I want you to know how much we appreciate all your prayers and support that you have given Bill these past two years.

Diane Berryhill

ATTENTION CTV MEMBERS ~ THANK YOU!!!

Rick sent an email thanks out around the great job Cowtown did hosting the BRCC Events on June 13th however; I personally would like to thank a few folks that went above and beyond working the event on Saturday.

Friday night, Cap & Marlyn (new members) delivered the Club's trailer to us at the track. Jim & Donna Forsythe drove out to help setup the course, along with Paul Wolters and James Powdrill of CCT. Only for the wind & hail storm to come thru to re-arrange the cones all directions, only to be washed back down the track other directions.

After the storm, Glenda, Don & Karyn Fowler and Sharon Zschrint helped me round the cones back up in the dark.

Saturday Morning, Jim came back out at 6 am to help re-layout the autocross course.

Sunday, Bruce & Yvette Lewis, Paul & Viola Meyers, Doc Lambert, Don Littlefield & Glenda worked to round up the CTV tents, blocks, timing board, timing equipment - getting it all secured back in the club's trailer so Cap could pick it up to take it back to storage - even though he was a little under the weather.

Last but certainly not least, Candy Beck worked feverishly all weekend, even working beyond the BRCC events to handle timing and to get me the club's computer so event results could be tallied and provided to the SW Regional Competition Director.

Events like this are what fund the needs of our Club and thanks to members like this, we put on a Class Event! Sure, it is a lot of work however isn't the fun we have as members of this club worth it? ☺

THANK YOU ALL for going above and beyond!!!!

...Doug McMahan

God Bless America!

To all the wonderful members of Cowtown Vettes,

Thank you so much for the beautiful plant you sent me while I was ill. My life is so much richer for knowing you and having you in my life. I was blessed and my spirit was lifted by all your prayers and well wishes. Thanks for being there for me.

**...whatever your Corvette interest is, pursue your passion, keep the spirit of fun and fellowship in mind ...and most of all...
HAVE FUN DOING IT!!!**

CTV COMPETITION REPORT

As your competition chair (and a former racer), I realize all too well how expensive it is to compete in autocrosses and/or drag races and there is not much that I can do to help. Heck, I'm just a feeble old man living on a pension during these tough economic times! (I know; whaaaa whaaaaa.) But...

There is a little bit I **can** do to help. The NCCC rules do not require restraint systems in Groups I or II, but I have learned from actual experience on more than one occasion that the better attached you are to your Corvette, the safer you are and the more successful you will be at cutting a better lap or pass. No, really!! If you have done any autocrossing using only the factory lap belts, you already know how uncomfortable it is to rattle around in the car while negotiating tight turns. And...

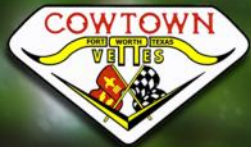

I just happen to have acquired two (2) sets of "pre-owned" restraints. Set 1 is a six-point G-Force (red); Set 2 is a four-point Simpson (blue) that only needs a sub strap if you prefer one. Both sets are of the "camlock" design. I will let JANE BUEHLER **give them away** to the person with the winning 50-50 ticket. I realize that cold hard green dollars are always the best prize, but maybe these belts could be a second best prize to someone who wants them. If you do win them and have no use for them, it will not hurt my feelings to decline my offer to make them available for some needy racer. Although you still must acquire the means to attach them to your car, you have at least mitigated the cost of restraints. These belts are the bolt-in type and will require you to obtain some snap-in attachments. I have one set of four (4) snap-in attachments that I will furnish to one of the winners of the restraints. I have never seen new restraint systems priced at less than \$100. These are used, but **not** used up.

While I am in the giving mood, I will also donate some DOT 4 brake fluid (new, of course). I will also donate two (2) cans of ATE fluid (one blue and one gold that works well when completely flushing brake systems; you can see when you are done.) These cans are one liter each (of German origin).

See you at the races!
