PRESIDENT'S REPORT

Hello to All Cowtown Members and Guests,

I hope that everyone had a Happy and Safe Christmas and New Year! I would like to thank Candy Beck and Barbara Higbee for a great Christmas Party at the TMS clubhouse and to all the participants that made it such a success. We are now into 2011 and I look forward to serving this club as your new President.

I am proud to be a member of a club that has so many opportunities to enjoy Corvettes with others that equally love this iconic American sports car. I hope

that each one of you participate in some event this year that suits your love for this car. This club would be nothing without it's members, and being active is a large part of it. I want to stress that we have fun and encourage you to enjoy the many activities each and every month. Find what you like most and be a part of it !

I have enjoyed meeting so many different people since Cory and I joined this club. I know that we have good people on the Board of Directors that really want to do the very best they can for this club and to make it fun and successful . This is "Our" club and I look forward to a great year.

Thanks to all the people who supported me in this race for President and I will do my very best to make you proud. I hope to see you all at the monthly meetings and to the guests, we welcome you to our club that is more like a family than a car club.

Sincerely,

John Armes
President

VICE PRESIDENT'S REPORT

Hi All,

I don't know about you all, but I CANNOT believe another year has passed. . . they seem to go by faster and faster, don't they?!?!

From what I heard, everyone enjoyed the 2010 Annual Awards Banquet / Christmas Party. If you have any suggestions or feedback regarding the Party, I'd really like to hear it. We tried a new Gift Exchange "game" this year, which sped up the process without eliminating the excitement of the old Chinese version we used to play.

Let me know what you thought about it. And of course, Reata did another fantastic job with the meal. Also, I'd like to thank Karyn Fowler for the wonderful coffee that she provided to us following dinner. And last but certainly not least, a BIG thank you to Barb & Phil Higbee for helping me with the setup for the party and for providing the Christmas music!!

Now on to 2011!! There is no social in January (whew. . . I don't know about you, but I need a little rest!), but we have two socials in February. . . one is a 100%er and one is not. Our traditional Super Bowl Party will begin at 4:00PM on 2/6/11. As of the date I'm writing this article, the party will be at Pappa's Burgers (on I-30 & Forest Park. . . same as last year), BUT it is not confirmed yet. . . I will let you know at the January membership meeting if it will definitely be at Pappa's or not. The Super Bowl Party is NOT a 100%er social, but I hope to see you all there anyway. . . we had a great time last year!

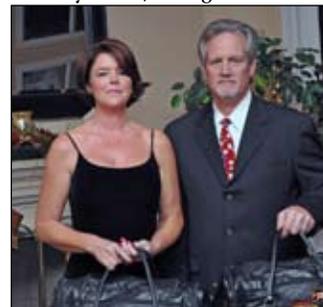

The February 100% social will be a Valentine Dinner on 2/12/10. The location is not finalized yet, so stay tuned for more details to come.

I've already had one club member approach me about hosting a social next year, so if you have an idea for a social, please let me know ASAP so we can get it on the calendar. I'm starting to run out of ideas for unique and fun socials, so I need some help this year!

See you in 2011!

THE VETTE TECH - C6 BULBS

Unless you take your C6 into a shop for repairs rather than doing it yourself, sooner or later you will have a need to change a bulb in the front of your Vette; keep this handy.

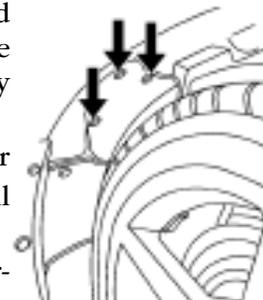

Start by accessing the area inside the wheel well forward of the tire. The back side of the headlamp assembly is hidden by a rubber access flap that's fastened to the fender liner with two-piece push-on plastic pins.

There are two methods to access this area: 1) turn the wheels to the right to get at the passenger side, to the left for the driver's side, as you can see in this pic of that area with the flap in place, 2) you can jack it up to raise the wheel well relative to the wheel provides more room to work. People with small hands should be able to complete the job without using a jack.

To access the bulb socket, you only need to remove the outer three plastic pins that are marked in the photo to be able to fold the access flap out of the way so you can see the back of the headlight assembly and the DRL wiring and socket. We have removed the headlight assembly in order to show the sockets and connections better - see photos below.

We used a small flat screwdriver and small pair of needle-nosed pliers to pull out the center pin of the fasteners in order to release them; take care not to damage the pins. Once you pull the center part of the pin out the rest of the pin can easily be removed.

To remove the light socket from the housing, it must be turned about 30 degrees counter-clockwise to release it. Once released it can be pulled straight back out of the assembly. This pic shows the socket released and turned so you can see the rear of the socket; a release tab, discussed below, is marked with an arrow.

The bulb has a bayonet type connection and is removed by pulling it straight out of the socket; there are two keys to getting to the bulbs.

1. The wiring harness to the bulb socket is too tight on the driver's side to allow the socket to be rotated counter-clockwise. The wiring is clamped to the car just a few inches away from the socket. We were able to firmly (but carefully) tug on the wiring and pull enough slack from the clamp to allow the socket to turn.
2. The sockets must be unlocked (photo B) before they can be rotated in the lamp assembly. This is done by squeezing a tab on the socket toward the center of the socket while you are turning. The tab is on the side of the socket and is difficult to reach, especially on the passenger side. On that side we used a small flat blade screwdriver in one hand to pry the tab while turning the socket with my other hand.

It is advised to use silicone grease (or bulb grease) on the socket and bulb connection when installing new bulbs. The grease helps transfer heat away from the connection and reduces corrosion.

Once the bulb is replaced, re-insert the socket back into the headlight assembly. Pull the access flap back over to its original location and insert the pins; once you push the outer piece in, the inner pin can be re-inserted to lock them in place.

COWTOWN CRUISER

CRUISERS, Start Your Engines! The 2011 Cruiser Competition starts January 1, 2011; are you ready? The 2011 rules, log sheet and logo are ready for you to download and get started. Drop me an email and I'll send them to you electronically; if you can't print them, let me know and I'm sure I can get you a printed copy.

For 2010, we had the highest participation of cruisers turning in log sheets and books since the program started in 2005. It has been great to see this program and area of competition take off, thanks to all the participants. For 2010, the winners were:

- 1st Place Cruiser: Doc Lambert – Gold Level with 288 points (4th 1st place)
 - 2nd Place Cruiser: Carol Savage** – Gold Level with 130 points
 - 3rd Place Cruisers (tie): Glenda & Doug McMahan – Gold Level with 107 points
 - Gold Level Participants: John Dick*: 99 points, Nancy Dick*: 99 points
 - Silver Level Participants: Gary Hanna*: 65 points, Gwynne Horton*: 65 points, Fred Proctor*: 50 points
 - Bronze Level Participants: Jack Gandy*: 43 points, Karla Gandy*: 43 points
- * = 1st Time Participant ** = 2nd Time Participant

Maybe next year all of the ones that we saw cruising and taking photos will turn theirs in as well.

We had a fairly good turnout for the Annual Cruiser Photo Contest as well, lots of photos and the votes were very close on several.

A Tie for 1st Place: Carol Savage with "Sinclair Station" and Doug Shilen with "Cruisin' to the Tower"

The cruises for 2010 were led by Donald and Carlanne Hickman to Loco Coyote in August and by Doug & Glenda McMahan to the Hot Springs Corvette Weekend in April. Several members asked why we didn't have more cruises, well honestly we need about four volunteers to be cruise sponsors to lead cruises. These don't have to be the more involved weekend cruises because our members seem to really enjoy the short day cruises just as much. So get with me, let's get some dates set so you can lead a cruise to share your favorite eatery, museum, function, etc. If you would like to lead a cruise but would like some assistance with a destination, give me a shout; we will assist anyway we can.

So, don't let the dust settle on that Vette in the garage, get out and enjoy it; even if you get a little dust on it driving it...

The 7th Annual Cruiser Photo Contest is about half over however, there is still time for you to capture photos from neat places your Vette took you in 2010. To compete in this contest, you don't even have to participate in the Cruiser Program. Check out the contest information at:

http://www.cowtownvettes.org/CCP/2011/CCP_PC_11.html

If you would like clarifications, or if you have a question or comment about the *Cowtown Cruiser Program (CCP)*, please feel free to give me a call or drop me an email.

You can find registration forms online at www.kidneywalk.org. Please go there and register or print out the registration form, fill it out and give it to me or any of the ladies mentioned above with your donation check; It's easy. COWTOWN VETTES CHARITY REPORT

We had a great turnout this past Wednesday, December 22 at the Cook Children's Christmas party. Our volunteers helped the children enjoy a few moments out of their rooms while they visited with Santa in the lobby area. The children all received a bear and had the opportunity to sit at the crafts table while our members assisted them with making snowmen and Christmas trees. Cookies and punch were available to all the children.

It can't be fun for the children and their families to be in the hospital at this special time of year. Just the small amount of time we gave meant so much to these families and we seem to have a good time too! A special thanks to our own Gwynne Horton for dressing in her Elf costume. She was a great addition to Santa and the beautiful tree! Thanks to the following club members and their guests:

Barbara & Phil Higbee
Sandi Burleson (Virginia's daughter)
Cory Armes
Don Fowler
Chelsey Lowrey
Doug McMahan
Christi Martin (Doug's daughter)
James West
Barb Greenfeder
Nathan Herslee (Carol's grandson)
Pat Gill

Virginia Littlefield
Don Wells
Fred & Margaret Proctor
Candy Beck
Craig Murphy and Sydney Hampton (guest)
Cassie & Jason Handlin (Doug's daughter & son in law)
Scott Wheeler
Doc Lambert
Carol Savage
Gwynne Horton & Gary Hanna
Jane & Bill Buehler

Our party was over at noon and they were trying to get ready for their next event at 1:00 so they were ready for us to move out of the area very quickly. Little did we know that the next event featured Randy Travis and Charlie Pride!

Thanks to all,

Jane Beuhler

COMPETITION NUMBERS?

If you are going to compete within the Southwest Region (SWR) of NCCC, you can request permanent numbers to use on your Vette. If you have questions around the numbers and process, please see our SWR Website: http://www.nccswregion.org/comp_numbers.html

TRAVELING HELP NETWORK

The *Southwest Region* (SWR) of NCCC (our region) publishes a "Traveling Help Network Directory." This is a directory of volunteers from SWR clubs which will assist you if you have vehicle issues around their part of the country. The assistance varies from a volunteer knowing who to put you in contact, offering mechanic assistance all the way to offering to come pickup your Vette with their trailer and get it into a repair facility.

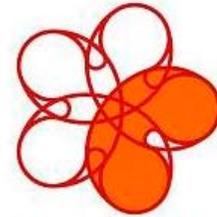

Cowtown has several volunteers in this directory and we are always looking for more so contact me if you would be interested.
